Longevity Discounts	
Longevity Discounts are a means of rewarding you when paying tier for longer terms. For example, if you decide to pay your tier for 3 months, you get a total reduction of your overall bill of $3. If you decide to pay your tier for 6 months, you get a total reduction of your overall bill of $6. The same is true of a 12-month Longevity discount. You'll get $12 off your total bill. This is only offered in 3- month, 6- month, or 12-month increments and only when payment for region(s) is received.	
Pay Tier for 3 months in advance get additional $3 off your total bill	
Pay Tier for 6 months in advance get additional $6 off your total bill	
Pay Tier for 12 months in advance get additional $12 off your total bill	
Enhancements	**Monthly Cost**
Waterway Connections (optional enhancement)	
Waterway connections are a means to allow residents who wish to connect to the Skye Straits with their regions. By choosing this option you understand that we are only able to guarantee a connection to at least one side of a strait. This is a monthly cost, **per REGION/per 2x2** that you connect to the straits. You **must** also agree to allow both avatar and object entry, so as not to disturb the seamless nature of the waterways. Additionally, on any water connected region (including all 4 regions of a 2x2), platforms & skyboxes cannot be lower than 1024m. There will be connections that by their placement and design will connect to multiple waterway regions. This is unavoidable. We will do our best to place these in as fair a fashion as possible but the "first come first served" rule is apropos here.	$5.00 (**per region/per 2x2**)
